TENSILE STRENGTH

The wider the cable tie, the greater the traction. The innovative ridges of the PowerloQ® provide a 40% stronger cable tie compared to its classic counterpart.

FLEXIBILITY

The innovative design provides a more flexible, lighter and stronger cable tie while less raw material is used during production.

AVAILABLE IN THE FOLLOWING SIZES

Size			Tensile strength	Art. no.
200 x 3,5 mm	Black		28 KG	455300
	Transparent		28 KG	455100
280 x 3,5 mm	Black		28 KG	455305
	Transparent		28 KG	455105
300 x 3,5 mm	Black		28 KG	455310
	Transparent		28 KG	455110
360 x 3,5 mm	Black		28 KG	455315
	Transparent		28 KG	455115
360 x 4,5 mm	Black		60 KG	455320
	Transparent		60 KG	455120
750 x 4,5 mm	Black		60 KG	455325
	Transparent		60 KG	455125
