

UNIVERSAL SHOOTABLE CABLE CLAMPS

klemko[®]
ELEKTROTECHNIKER

SAVING TIME IS SAVING MONEY

To help installers work more efficiently, we have developed a new cable clamp that can be fastened with a nailgun.

The clamp is designed to fit the nozzle of the most commonly used nail guns. By processing Mepac clamps with a nail gun you work faster and more efficiently.

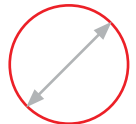

WORKING DUST-FREE

By shooting the KBS instead of mounting it with a plug, the work of an installer is dust-free. Traditional mounting with a screw is still possible and due to this universal mounting and the fastening of both 16 and 19 mm tubes the KBS is a completely universal cable clamp.

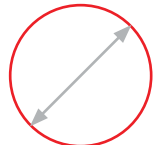

- ✓ Shootable with the most common brands of nail guns
- ✓ Working dust-free
- ✓ Universal mounting: screwable & shootable
- ✓ 1 clamp suitable for 16 and 19 mm tube
- ✓ Expandable & linkable
- ✓ Halogen free
- ✓ Available in 3 colors

SUITABLE FOR

16 mm
5/8 inch

19 mm
3/4 inch
